

COMMENT: K-LOVE is a blessing to me and my family. My daughters and I have learned to hear God in everyone we see and meet and we believe that K-LOVE sends a positive message to all that come in contact with their good words. The last thing we need in FM radio is more loud music with bad themes. K-LOVE supplies positive, encouraging music with a message we all need: God's love is everlasting and forever. More radio stations should play such music.
